ABOUT US

We are the Open Industry 4.0 Alliance – your gateway to seamless data integration on all levels of industry related processes. Connect your shop floor to the cloud and boost your business directly through our benefits.

CONNECT TO OPPORTUNITIES

Get in touch with customers and partners based on our open ecosystem and refuse further vendor lock-ins to welcome all business opportunities.

CONNECT TO TECHNOLOGY

Let our reference architecture do the heavy-lifting and scale your projects quickly and securely. The Alliance is an acclaimed market challenger – for Industry 4.0 project implementations and with an interoperability-driven mindset.

CONNECT TO OPEN(NESS)

Choose to draw unrivaled insights from a multitude of reference cases, easy-to-use concepts and lighthouse projects. For you and your customers.

CONNECT TO KNOWLEDGE

We have a strong understanding of the specifics of each target industry and create new prospects from synthesis. Industry 4.0 is at our core and we design the implementation around it.
